

## **Baker Interiors Group Debuts Fall 2021 Introductions for Baker and Milling Road Collections**

*58 In-House-Designed Furniture Pieces Present Dynamic Additions to Milling Road Originals, Baker Upholstery, and Baker Luxe Collections*

CONNELLY SPRINGS, NC (October 2021) – [Baker Interiors Group](#) is delighted to debut 58 additions to its in-house designed Milling Road Originals, Baker Originals Upholstery, and Baker Luxe Collections. The dynamic furniture assortment bridges Baker’s traditional heritage with its contemporary range. Each piece has been artfully conceived and handcrafted by Baker’s designers, creating standalone silhouettes that pair effortlessly with classic, vintage, and contemporary interiors alike.

“We are thrilled to launch a unique and vast array of new forms, stimulating textures, and fresh neutral tones within these fall furniture introductions,” said Erica Wingo, Senior Vice President of Merchandising and Marketing at Baker Interiors Group. “We designed the new pieces to coordinate with one another, so while each collection is distinctive and special in its own right, clientele will notice complementary palettes, textures, and styles that are intended to combine beautifully within a home for a new era of living.”

- **Milling Road Originals Fall 2021** – Twenty-one new casegoods add to the beloved Milling Road Originals Collection, which features timeless designs animated with fresh silhouettes and updated materials. These latest designs celebrate overarching neoclassic themes reinterpreted for a new era, combining layers of textures and neutral tones for a serene and refreshing palette. Encompassing a variety of seating, tables, beds, nightstands, and more, the pieces feature a range of textural qualities and materials, such as heavy washed linen, chunky boucle, super soft boucle, and foundational leather, adding depth and style. Product highlights include the **Flora Nightstand**, inspired by the sloping silhouette of a French mansard roof line and featuring a hand-painted motif that nods to the beauty of blossoming magnolia branches; the **Amboise Host Chair**, with a low-profile frame, upholstered dressmaker slip skirt and casual feminine detailing; the **Malta Cocktail Table**, inspired by the undulating ridged cliffsides of the Mediterranean islands and crafted with a quartered white oak veneer; the **Giselle Upholstered Bed**, a graceful and minimalist silhouette with sinuous lines atop solid wood feet; and the **Galleria**

**Etagere**, which captures the imagination with a classic arching form inspired by the gallerie carts of grand European hotels.

- **Baker Originals Upholstery Fall 2021** – Classic meets modern with 19 new Baker Upholstery seating designs. Highlights include the **Volute Swivel Chair**, inspired by the simple refinement of traditional opera house gallery seating and featuring a cylindrical shape, a tight back and a loose, comfortable seat cushion; the **Amoura Sofa**, with sculptural vertical channel quilting, a loose cushion and knife-edge pillows for ultimate style and comfort; the **Aemilius Bench**, inspired by the unpredictable edges of seaside cliffs and with a tightly upholstered top for a modernist look; and the **Royce Wing Chair**, featuring a generous seat and fully upholstered track arm for comfort and versatility in any room.
- **Baker Luxe Fall 2021** – Expanding upon Baker’s largest and boldest collection to-date, 18 eclectic new Baker Luxe introductions feature fresh designs made from the semiprecious materials and finishes that define the collection, like Elegante Firefly Marble, Grey Quartz, and Pyrite. Highlights include the **Huxley Pedestal**, built from quartered oak veneer and oak solids and elegant, complex, and carefully crafted like the inner workings of a handmade wristwatch; the **Penelope Cocktail Table**, a substantial, spirited piece made entirely from grey quartz; the **Avery and Emery Mirrors**, made entirely of pyrite, which have a beautifully irregular surface and a diffused mirror-like appearance inspired by the timeless allure of pyrite; and the **Nova Console**, a soothing and symmetrical design featuring a tabletop supported by two graduated columns made from carefully selected elegant firefly marble. Baker Luxe is a youthful lifestyle collection imbued with a mix of 1970s modern style, inspired by an era of icons such as Yves Saint Laurent, Halston, and Warhol.
